CELEBRATIONS & FESTIVITIES

Already in the early 19th century well-known as the Pannekokenkrog (Pancake Restaurant), the Waldesruh looks back on a long tradition of festivities, celebrations and hospitality.

In the courtly and glamorous hall of mirrors you have the adequate place for celebrating. There is plenty enough space to shake a leg or to experience wonderful hours with your guests while enjoying culinaric food and delicious drinks.

Please let our team spoil you.

Our professional team de cuisine at the head of Pierre Binder will care for you with culinaric dishes and give your celebration a wonderful accentuation.

It is our strength to implement your wishes and to realize whatever is desired. We support your plannings and the preparations. With much passion and pleasure we care for the realization. Like this you can spend your whole attention to your guests.

Our aim is to let you and your guests get home with a lot of wonderful memories of a nice and harmonic time.

Our head of service, Florian Buchebner, and his team are always there for you and will accompany you through the evening in order to fulfil all wishes.

We look forward to welcoming you and your guests!
